

Biography

Born in Prato on 21/07/1972, and residing in Fossalta di Portogruaro (VE).

I attended the E. Berlendis's piano course at the G. Verdi Music School in Prato and the C. Vaira's Composition Course at the P. Mascagni Conservatory in Livorno where I obtained the Piano's Graduation in 1997 and the Composition's Graduation in 2001 with full marks.

In 1997 and 1998 I successfully attended courses organized by Tuscany in the provinces of Massa Carrara and Livorno (courses promoted by the European Union) achieving the qualifications of "Sound technician expert in midi technologies" and "Sound recording". Subsequently I participated as an assistant in the edition of the CD "Odi et Amo" at the "midi music studio" of C. Vaira, and I attended two training stages, at M. Baracchino of Livorno and Tempo reale of Luciano Berio in Florence. In 1998 I attended Mauro Grossi's jazz arrangement course at the Musical Institute of Livorno.

Since 1998 I started my activity as a pianist in 3 orchestras in Tuscany, first in the Daniele Montenero's band and then in Max de Palma's band, "DOMENICA IN" singer and "I FATTI VOSTRI" on RAI UNO programs, then in the orchestra "Sonia & Soul Band" and in the "Zivago band". So I played in clubs, like "Le Panteraie" in Montecatini Terme, "La Capannina" in Montepulciano, La Bussola in Viareggio, the "Ville Mon Amour" in Rimini. In 2004 I participated in an episode of "La vita in diretta" on RAI UNO conducted by Massimo Giletti with "Sonia & Soul Band".

From 2002 I started attending the course of modern singing by Stefania Scarinzi, Rossella Coci and the Musical Didactics and Modern Piano courses by Walter Savelli (historical pianist of Claudio Baglioni), so that I specialized in teaching modern music and creating gingles and soundtracks. Authorized to teach using the Walter Savelli's method, I started

teaching in Prato and online. On December 20th 2008, I participated in the final evening of the Piano Roland Festival Competition, a competition open to all Italian and Swiss pianists, placing me among the top five finalists.

From July 2008 I started my work as a solo pianist (or duo with a female voice).

I currently teach private theory and solfeggio lessons, complementary harmony, elements of composition, modern harmony, classical and modern piano, orchestration, pop arrangement and computer music programming.
